

Participate in this free CE activity:

**Go with the flow—clinical importance of flow curves during
mechanical ventilation: A narrative review**

Can J Respir Ther 2020;56:11–20. doi: 10.29390/cjrt-2020-002.

Authors:

Natsumi T. Hamahata MD: Critical care fellow University of Pittsburgh, PA, USA

Ryota Sato MD: Critical care fellow Cleveland Clinic, OH, USA

Ehab G. Daoud MD, FACP, FCCP: Associate professor of medicine, John A Burns School of Medicine, University of Hawaii, HI, USA

**Accredited By American Association of Respiratory Care for 1 hour of
Educational Credit**

Target Audience

Respiratory therapists licensed in the USA

Nurses: Please check with your state license board if they accept education credit from AARC

- If you are not interested or do not qualify for educational credit, you are welcome to download and read the article, please do not fill the attached form
- If you do not qualify for the educational credit but want a certificate for participation and completion of the activity, please fill the forms and will e-mail you a certificate of participation within 3-7 days post completion.

Method of Participation/How to Receive Credit

- The activity and credits are only for members of the Society of Mechanical Ventilation
- There are no fees for participating in and receiving credit for this activity.
- Review the activity objectives and CE information.
- Complete the CE activity.
- Complete the online posttest. A score of 70% is required to successfully complete this activity. The participant may take the test until successfully passed.
- Complete the CE evaluation/attestation form, which provides each participant with the opportunity to comment on how participating in the activity will affect their professional practice; the quality of the instructional process; the perception of enhanced professional effectiveness; the perception of commercial bias; and his/her views on future educational needs.
- Credit documentation/reporting:
 - The certificate of participation and CE certificate will be emailed to you within 3-7 days post completion.

Conflict of interest / Disclosure / Commercial support

We declare no conflict of interest or any financial or commercial support for this activity.
